Hempstead Public Schools

Dear Hempstead Community,

The Hempstead Union Free School District's efforts to improve its schools have made a positive impact on scholars' academic growth. All schools and the district overall are now in GOOD STANDING with the New York State Education Department! This great feat is attributed to our school community and stakeholders working together to ensure we created a strong educational atmosphere and safe environment for our scholars. For the 2024-2025 school year, the district will continue to focus its fiscal and human resources on providing scholars with the skills and strategies needed to prepare them for college, career, and success in this everchanging world.

As in previous school years, the district will continue to offer scholars a wide variety of well-rounded and challenging programs, such as International Baccalaureate Framework (IB), Advanced Placement Courses, Smart Scholars, STEM, Bilingual Classes, FLES, Jr ROTC, Career Technical Education, and Music and Arts. Expanding on these opportunities will give our scholars a chance to rise above their peers and prepare them for their future endeavors of post-secondary education and life. During the 2024-2025 school year, we will be adding the teaching of an all-inclusive account of American History using the BH365 curriculum for Black History and Latin History. Some of our scholars will also be exposed to the importance of agriculture as it relates to wellness and financial literacy. To create a better culture and climate for our scholars, there will be a districtwide implementation of Restorative Practices.

Thanks to the overwhelming support of our community, again, we were able to pass a bond that will address the needs of our facilities. In the next few years, all of our schools will be 21st century, state of the art buildings and will be properly heated in winter and cooled in the summer. As we open the school year, you will see a lot of construction happening in our schools as we continue to address the scope of work approved in the 2022 bond, and now in the 2024 bond. Shortly, work will begin on the new addition to the ABGS Middle School. As a result, we will have to change entrances and exits, as well as reroute our buses and other scholar drop off locations. More information regarding these matters will be addressed by the middle school administration and central office to ensure a smooth transition.

As always, I am truly grateful to our Hempstead Staff and Board of Education for their commitment to the progress our district is making academically, socially, and fiscally. We remain committed to serve our scholars with dignity and respect, as we hold them accountable to high standards and expectations in a supportive, positive, and safe learning environment. This is why we will be enforcing our district's policy (no. 5695) of no cell phone use during the school day. Many studies have confirmed cell phones are an impediment to learning and school safety. Therefore, it is the expectation that our scholars will adhere to the policy and procedures as outlined by their building principals as they return to school this Fall.

The Hempstead UFSD remains dedicated to creating an educational system where scholar's success is inevitable. We will continue to take measures to ensure that our scholars are ready to learn and maximize their potential every day! This year, it is all about #IMPACT!

Committed to IMPACT,

Regina Armstrong

Superintendent of Schools
Hempstead Union Free School District

Estimada Comunidad de Hempstead,

Los esfuerzos del Distrito Escolar Libre de Hempstead Union para mejorar sus escuelas han tenido un impacto positivo en el crecimiento académico de los estudiantes. ¡Todas las escuelas y el distrito en general están ahora en BUENA POSICIÓN con el Departamento de Educación del Estado de Nueva York! Esta gran hazaña se atribuye a nuestra comunidad escolar y a las partes interesadas que trabajan juntas para garantizar que creamos una atmósfera educativa sólida y un entorno seguro para nuestros estudiantes. Para el año escolar 2024-2025, el distrito continuará enfocando sus recursos fiscales y humanos en proporcionar a los estudiantes las habilidades y estrategias necesarias para prepararlos para la universidad, la carrera y el éxito en este mundo en constante cambio.

Al igual que en años escolares anteriores, el distrito continuará ofreciendo a los estudiantes una amplia variedad de programas completos y desafiantes, como el Marco del Bachillerato Internacional (IB), Cursos de Colocación Avanzada, Smart Scholars, STEM, Clases Bilingües, FLES, Jr ROTC, Educación Técnica Profesional y Música y Artes. Ampliar estas oportunidades les dará a nuestros estudiantes la oportunidad de elevarse por encima de sus compañeros y prepararlos para sus futuros esfuerzos de educación postsecundaria y la vida. Durante el año escolar 2024-2025, agregaremos la enseñanza de un relato integral de la historia de Estados Unidos utilizando el plan de estudios BH365 para Historia Negra e Historia Latina. Algunos de nuestros becarios también estarán expuestos a la importancia de la agricultura en lo que se refiere al bienestar y la educación financiera. Para crear una mejor cultura y clima para nuestros estudiantes, habrá una implementación de Prácticas Restaurativas en todo el distrito.

Gracias al apoyo abrumador de nuestra comunidad, una vez más, pudimos aprobar un bono que abordará las necesidades de nuestras instalaciones. En los próximos años, todas nuestras escuelas serán del siglo XXI, edificios de última generación y se calentarán adecuadamente en invierno y se enfriarán en verano. A medida que abrimos el año escolar, verán muchas construcciones en nuestras escuelas a medida que continuamos abordando el alcance del trabajo aprobado en el bono de 2022, y ahora en el bono de 2024. En breve, comenzarán las obras de la nueva incorporación a la Escuela Secundaria ABGS. Como resultado, tendremos que cambiar las entradas y salidas, así como cambiar la ruta de nuestros autobuses y otros lugares de entrega de los estudiantes. La administración de la escuela intermedia y la oficina central abordarán más información sobre estos asuntos para garantizar una transición sin problemas.

Como siempre, estoy realmente agradecido con nuestro personal y la Junta de Educación de Hempstead por su compromiso con el progreso que nuestro distrito está logrando académica, social y fiscalmente. Seguimos comprometidos a servir a nuestros estudiantes con dignidad y respeto, ya que los hacemos responsables de altos estándares y expectativas en un entorno de aprendizaje de apoyo, positivo y seguro. Es por eso que haremos cumplir la política de nuestro distrito (no. 5695) de no usar teléfonos celulares durante el día escolar. Muchos estudios han confirmado que los teléfonos celulares son un impedimento para el aprendizaje y la seguridad escolar. Por lo tanto, se espera que nuestros estudiantes se adhieran a la política y los procedimientos descritos por los directores de sus edificios cuando regresen a la escuela este otoño.

El UFSD de Hempstead sigue dedicado a crear un sistema educativo en el que el éxito de los estudiantes sea inevitable. ¡Continuaremos tomando medidas para asegurarnos de que nuestros estudiantes estén listos para aprender y maximizar su potencial todos los días! ¡Este año, todo se trata de #IMPACT!

Comprometidos con el IMPACTO,

Regina Armstrong

Superintendente de Escuelas
Distrito Escolar Libre de la Unión de
Hempstead
